

Mohit Verma

React Developer | MERN Stack Developer

React Developer with hands-on MERN Stack experience and a Master of Computer Applications (MCA). Skilled in building scalable web applications, responsive user interfaces, REST APIs, and authentication systems using React.js, JavaScript, Node.js, Express.js, and MongoDB. Experienced in API integration, performance optimization, reusable component development, and modern frontend development practices.

Work Experience

MERN Stack Developer(Internship) | Diamond Ore Consulting - Noida

Sept 2025 - Apr 2026

- Developed scalable UI using React.js and Tailwind CSS, enhancing client satisfaction and user experience.
- Architected a **headless CMS** solution using **Strapi CMS** with REST APIs, reducing manual content management effort by 40%.
- Architected reusable component systems**, cutting down feature development time by 25-30%.

Full Stack Developer(Internship) | TrayiStats AI Technologies - Noida

Jan 2025 - July 2025

- Engineered scalable **RESTful** endpoints for seamless data flow between frontend and backend systems.
- Optimized MySQL queries**, resulting in a 20-30% improvement in system response time.
- Contributed to scalable architecture, ensuring long-term maintainability and performance of applications.

Projects

Institutional Website (MERN Stack) Live : studies.mentorworld.in

- Built a course management platform with **Role-Based Access Control** for Admin, Teacher, and Students.
- Implemented JWT-based authentication**, attendance tracking, and automated **SMTP email** notifications.
- Optimized frontend performance using React Hooks, **Debouncing** and **lazy loading**, resulting in faster initial page renders.
- Integrated **Razorpay Payment Gateway** for secure transactions and automated payment confirmations.

Jewellery E-commerce Platform Live : edayaajewellery.com

- Developed a feature-rich e-commerce engine with **Redux state management** for product management, improving performance and user journey.
- Implemented persistent shopping cart functionality using **Redux Toolkit** and **LocalStorage** for a seamless user experience.

Business Services Platform Live : birdoutsourcing.com

- Built a high-performance, **mobile-first responsive** platform using React.js and Tailwind CSS, ensuring 100% **cross-browser compatibility**.
- Developed a library of reusable UI components (Buttons, Modals, Navbars), which helped in maintaining design consistency and reducing CSS redundancy.
- Refactored components to TypeScript for better type-safety and developer experience.

Skills

Frontend :

React.js, JavaScript (ES6+), Next JS, TypeScript, Redux Toolkit, HTML5, CSS3, Tailwind CSS, Bootstrap, Material UI, Responsive Web Design, API Integration

Backend :

Node.js, Express.js, REST APIs, JWT Authentication, Razorpay Integration, Role-Based Access Control (RBAC), SMTP Email Integration

Database :

MongoDB, MySQL

Tools :

Git, GitHub, Postman, Strapi CMS, Jira, Vercel, Render

Education

- Master of Computer Applications
HIMT College, Noida | 2022 – 2024
- Bachelor of Science - BSC CS
IIMT College, Noida | 2019 – 2022

Achievements

- Academic Excellence Award:
Secured 1st Rank in Master of Computer Applications (MCA) at HIMT College.
