Profile

MERN Stack Developer focused on building **scalable, high-performance web applications** with clean code that drive **business impact** and improve **user experience**. Experienced in delivering **Production-ready solutions** with **Optimized frontend performance** and clean **backend architecture**. Proven ability to **reduce development time**, improve **system efficiency**, and create **reusable solutions** that align with **business goals** and deliver **measurable value to clients**.

Skills

Frontend: JavaScript (ES6+), React.js, Redux, Redux Toolkit, Tailwind CSS, HTML5, CSS3

Backend: Node.js, Express.js, REST APIs, Payment Gateway Integration (Razorpay)

Databases: MongoDB, MySQL

Tools: Git, GitHub, Postman, Strapi CMS, Jira, Vercel, Render

Experience

MERN Stack Developer Intern

Sept 2025 – Present

Diamond Ore Consulting

- Delivered **scalable** and **responsive UI solutions** using **React.js** and **Tailwind CSS**, improving **user experience** and **client satisfaction**.
- Integrated **REST APIs** and **Strapi CMS**, reducing **manual content management effort** by **40%** and improving **operational efficiency**.
- Built **reusable component architecture**, reducing **development time** for new features by **25–30%**.
- Collaborated with **cross-functional teams** to deliver **high-quality, maintainable solutions** aligned with **business requirements**.

Full Stack Developer Intern

Jan 2025 – Aug 2025

TrayiStats AI Technologies

- Developed **user-focused frontend features** aligned with **business needs**, improving **usability** and **engagement**.
- Designed and implemented **REST APIs** to enable **efficient data flow** and **seamless frontend-backend integration**.
- Optimized **MySQL queries**, improving **system performance** and reducing **response time** by **20–30%**.
- Contributed to **scalable architecture**, ensuring **long-term maintainability** and **performance of applications**.

Projects

Institutional Website (*MERN Stack*)

- Built a **full-stack course management platform** with **role-based dashboards** for **student, teacher, admin** and streamlining **academic workflows**.
- Implemented **JWT-based authentication**, **attendance tracking**, **course enrollment**, and **SMTP-based email notifications** for **automated payment confirmations**, reducing **manual processes** and improving **efficiency**.
- Integrated **Razorpay payment gateway** for **secure transactions** and leveraged **AI tools** to optimize **development** and **debugging**.

Jewellery E-commerce Platform (*React, Redux, MongoDB*)

- Developed a **scalable e-commerce platform** for **product browsing and management**, improving **performance** and **user experience**.
- Enhanced **UI responsiveness** and optimized **user journey**, increasing **engagement** and **conversion potential**.

Business Services Platform (*React, Tailwind*)

- Built a **responsive platform** for services like **taxation, payroll, outsourcing**, improving **digital presence** and **accessibility**.
- Applied **performance optimization** and **clean UI practices** to ensure **faster load times** and better **usability**.

E-commerce Shopping Platform (*React, Tailwind CSS, RTK*)

- Implemented **product filtering** and **API integration**, improving **product discovery** and **navigation experience**.
- Optimized **UI interactions** to enhance **user engagement** and **browsing efficiency**.

Education

Master of Computer Applications (MCA)

2022 – 2024

Harlal Institute of Management and Technology, Noida

Bachelor of Science in Computer Science

2019 – 2022

IIMT College of Science and Technology, Noida
